Lighting in the spotlight

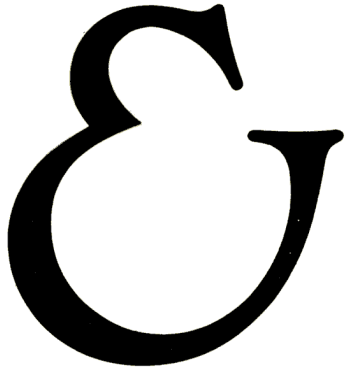

THE *VENEZIANI* AND *FORMA* CATALOGUES PRESENT NEW IDEAS FOR LIGHTING. WITH AN EYE TO THE PAST.

As is our custom at the beginning of the year, our product range is renewed and expands with fresh original ideas and new variations.

From *Bissa-Boba* revisited, to the original Venetian chandelier of the *Grand America* collection, and new solutions for *Norma*: our catalogues are in a process of substantial rejuvenation, and very soon this will be accompanied by a complete restyling of their graphics.

Veneziani

The *Veneziani* catalogue expands with not less than 5 new chandeliers, with lighting solutions that follow the New England style and the most ancient Venetian tradition. The *Grand America* collection marries the idea of the Venetian chandelier with the colonial style, while *Degas* and *Mr. Hyde* more faithfully propose once again the Venetian chandelier model, in all its extraordinary uniqueness.

Grand America

The traditional style of the Venetian chandelier merges with a colonial American taste, distinguished by lampshades in cream colored fabric. Decorative spheres, cones and clepsydra identify and differentiate the first three chandeliers of the collection: Vermont, Virginia and California. Available in 6, 9, 12 and 18 lights and in a wall version with 2 and 5 lights.

Design: Barovier&Toso

Dimensions: 122x118cm (HxØ max) – 12 lights version

Available colors: crystal, crystal-gold, black, red

Mr. Hyde

Alternating pendants and arms characterize this Venetian chandelier, available in 8, 12 and 16 lights.

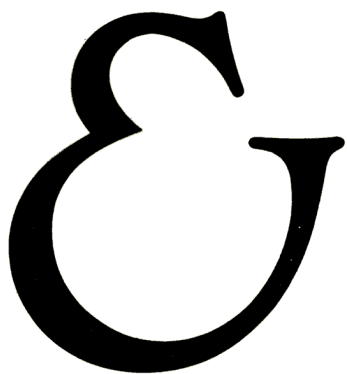

Design: Barovier&Toso

Dimensions: 155x160cm (HxØ max) – 16 lights version

Available colors: crystal, crystal-gold, black

Degas

This chandelier from the *Anni 20/30* collection continues the tradition of carrying the name of a nineteenth-century artist and revitalizes the collection by having arms that extend upwards.

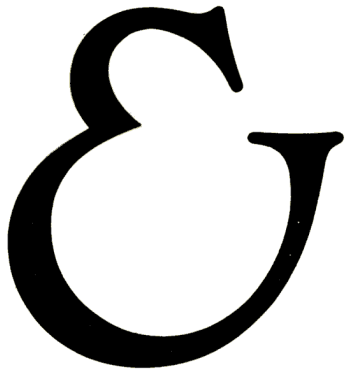

Design: Barovier&Toso

Dimensions: 98x92cm (HxØ max) – 9 lights version

Available colors: crystal, light blue, smoke, light green, amethyst, red

Forma

The *Forma* catalogue offers further variations of the *Norma* lamp, created by Alessandro Piva and which was very successful in 2003 (the year of its launch) and introduces two new colors for the *New Bissa-Boba* chandelier.

Norma

The clean-cut and essential style of the diffuser of this lamp is beautifully matched with the traditional technique in which it is decorated and the elegant and simple design of the frame, created in polished nickel. Born as a wall lamp, it is also available today as a suspension and as a table lamp.

Design: Alessandro Piva

Dimensions: 54x25x14 (HxLxP) – table lamp

Available colors: marble orange, marble grey, marble yellow, marble blue

New Bissa-Boba

This Venetian chandelier was reinterpreted in 1992 by Angelo Barovier, and is now reintroduced in two new colors, red and crystal, which substitute the previous colors.

Design: Angelo Barovier

Dimensions: 85x85cm (HxØ max)

Available colors: crystal, red
